**RESULTS OF 2016 FISCAL YEAR DISTRICT ASSEMBLIES' PERFORMANCE**  
**BASED ON THE DISTRICT ASSEMBLIES PERFORMANCE ASSESSMENT**  
**TOOL (DPAT) AND ALLOCATION OF FUNDS TO METROPOLITAN,**  
**MUNICIPAL AND DISTRICT ASSEMBLIES (MMDAs)**

The Government of Ghana (GoG) through the Ministry of Local Government and Rural Development (MLGRD) assessed the performance of Metropolitan, Municipal and District Assemblies' (MMDAs) in 2018 on their 2016 fiscal year performance using the District Assemblies Performance Assessment Tool (DPAT) which replaced the Functional Organisational Assessment Tool (FOAT) that was introduced in 2008 together with the District Development Facility (DDF). The DDF has been mainstreamed into the District Assemblies Common Fund (DACF) Responsiveness Factor (RF). Assemblies use the performance-based grants to implement their Medium-Term Development Plans (MTDPs) and Annual Action Plans (AAPs) by investing in socio-economic development and capacity building. Before the integration of the DDF into the DACF, the Responsiveness Factor was allocated based on improvements in MMDAs' internally generated funds and the status of MMDAs' implementation of budgets.

The DPAT is an expansion of the Responsive Factor indicators to include indicators that are used to evaluate the performance of MMDAs about their compliance with the existing legal, regulatory and policy framework. For an Assembly to receive the Investment Grant of the DPAT Assessment, it must either fulfill all the Minimum Conditions or obtain a score of Performance Measure equal to or above the national average. Assemblies that are unable to fulfill the Minimum Conditions or obtain a Performance Measure score equal to or above the national average shall receive only Capacity Building Grants. For the first assessment of MMDAs' performance on the 2016 fiscal year using the DPAT, 208 out of 216 MMDAs either fulfilled the Minimum Conditions and/or obtained a Performance Measure Score equal to or above the National Average PM Score of 94.

The results of DPAT I and allocations of funds to MMDAs is presented in the table below.
